

## **Matt Philbin - Biography**

Matt has been a full-time resident of Wesley Grove in Asbury Park for 10 years along with his husband, Marty Marino. Matt and Marty's relationship is quickly approaching 30 years.

Though they are not pet owners, Matt and Marty frequently care for two dogs and provide them with the love and attention as if they were part of their family.

Matt is an executive technology and financial professional. He is an inventor and US and international patent holder of high technology services for IoT (Internet of Things) devices; voice-enabled smart speakers (ie, Google Home, Amazon Echo) and intelligent assistant-based (ie, Google Assistant and Amazon Alexa) devices that disrupt industries including healthcare; residential and commercial alarm monitoring services; and property and casualty insurance.

Matt has an extensive tech startup background. His diverse industry experience includes healthcare, data analytics, machine learning, voice / data / IoT networks, IoT wearables, project and product management. He is a Certified Public Accountant specializing in corporate tax and financial planning and analysis.
